Hermosillo, Sonora.

### A GOOD OFFICIAL RESIGNS.

Steven M. Aguirre Accepts a Responsible Position.

Stephen M. Aguirre, than whom a better fellow never lived in Nogales or any place else, on Wednesday morning turned over his official position in the U. S. custom house at the port of Nogales, to Deputy Collector J. Welch. Mr. Aguirre left immediately after the transfer by private conveyance for the Cananea mines to take charge of the responsible and lucrative position for which he several months ago resigned the office of special deputy collector of customs under Collector H. K. Chenoweth. The resignation of Stephen M. Aguirre removes from Collector Chenoweth's office one of the most thoroughly competent officers the U. S. customs service in Arizona ever had; a man who has occupied nearly every position from the line to the "front office," a man ever ready to accommodate the public without first asking: "Are you 'Pull' or are you 'Push'?" Men of Stephen M. Aguirre's honor and integrity are not met every day, and losing him from our city Nogales people express regret, for everybody likes and respects Mr. Aguirre and his estimable wife and the children. Mrs. Aguirre and the children will visit her parents, Mr. and Mrs. E. J. Roberts in California during the holidays.

THE VIDETTE wishes Mr. Aguirre and his estimable wife abundant success wherever they may cast their lot with the assurance that their friends in Nogales, which are legion, will ever extend to them the glad hand of welcome should they ever return.

We also congratulate President W. C. Greene of Cananea, upon securing the services of such a competent and reliable man as Stephen M. Aguirre.

### NEWS OF NOGALES.

Dr. Manuel Iglesias is now in Tucson. A M. Conard went to Phoenix Monday night on business.

Mike Maloney came in from his mine Monday and returned Tuesday.

Henry Levin, the cattle broker, made a flying visit to Sonora the latter part of last week on cattle business.

Mr. Louis Adams, inspector of immigration, recently transferred to Nogales from New York, arrived Monday to assume his duties.

United States Sanitary Inspector Blanche, has this week inspected several thousand head of Mexican cattle imported to the United States through the sub-port at Bisbee.

President W. C. Greene of the Cobre Grande Copper company, after several days spent in Nogales on important mining business, left Monday morning for the big copper bonanza in the Canaan.

Col. George Atkinson, the Calabasas gentleman, was in Nogales several days this week making arrangements to cross a bunch of Mexican cattle. Col. Atkinson will turn the feeders on his Calabasas pastures.

Monday morning last a bouncing baby boy came to the happy home of Mr. and Mrs. A. Sandoval. Dr. Purdy was present at the time and he reports both mother and son doing nicely. THE VIDETTE extends hearty congratulations to the fond parents.

A. S. Noon and family came up from Sonora Monday. Mr. Noon has purchased the Pomeroy blacksmith shop on Railroad avenue; he will take possession at once. The gentleman is a first-class machinist and blacksmith of years' experience and with the latest modern facilities guarantees all work turned out. We bespeak for him a share of Nogales' business.

Captain Hathaway, one of the most competent and fearless United States customs officials this district has ever seen, went out on the international line last Wednesday. Captain Hathaway is the officer who captured Luis Chavez, the man who stabbed N. A. Shepard to death last December. Chavez was turned over to the Pima county sheriff for safe keeping but on Sunday night he broke jail and is now at large. Captain Hathaway says he is anxious to renew his former acquaintance with Luis Chavez; hence his early ride on the international line Wednesday morning.

Hell! Hello! Is this the Red House? Yes, what can we do for you? Have you any of those fine ladies' shoes No. 4, "A"? Yes, and we are selling all our shoes at prices you can not duplicate in the east. We pay the freight. Our Mr. Vasquez does all the buying and our shoes sell themselves.

Good goods at reasonable prices at Gatanich & Sons.

### ARIZONA NEWS.

El Paso Times.

The sheepmen are moving their herds southward from Coconino.

The dating stamp at the Clifton postoffice is about worn out.

The second monthly clean up at the King of Arizona mine in Yuma county, amounted to \$30,000.

The contractors and builders and painters and paper hangers of Clifton have more work than they can do.

The United States government has at last set aside the Casa Grande ruins in southern Arizona as a national park.

Two cases of diptheria are reported from Morenci. Steps have been taken by the authorities to quarantine the patients.

It is reported the Castle Creek mining district is to have a new smelter. The plant is to be erected by Colorado capitalists.

A band of Zuni Indians will attend the Phoenix carnival next week and give exhibitions of their dancing, for which they are noted.

Tucson has decided to set aside \$2,000 yearly from its tax receipts to maintain the \$25,000 library building Andrew Carnegie will erect there.

Work has been started on the golf links of the Phoenix Golf club, and will be pushed right along to completion at once. More members are added each day.

The copper production in Arizona in 1893 was 43,000,000 pounds; in 1898 it was 110,000,000. The output of 1899 is expected to reach 140,000,000 pounds, or more.

A committee has been appointed by a taxpayers' mass meeting at Phoenix to prepare plans and estimates for the proposed city water works and sewer system.

Mr. Harmon of Phoenix shipped six carloads of cattle last Thursday from Del Rio to Phoenix. Mr. Harmon has made heavy purchases of cattle recently in the Big Bug and Agua de Fria sections.

Thursday was the date set for final proof in the United States land office at Prescott, on an application for land for a townsite near Jerome. None of the claimants or applicants put in an appearance, however.

Forest Superintendent W. H. Buntain, who has returned from a trip to the Grand cañon, reports that a car load of petrified wood is being taken out of the petrified forest on the Grand cañon forest reserve to be sent to the Paris exposition. The work on the railroad from Williams to the Grand cañon is being pushed rapidly.

The Gila Valley, Globe & Northern railroad makes the following report for September: Gross earnings, \$58,451; operating expenses, \$12,613; net earnings, \$15,838; betterments, \$3,524; balance, \$12,218; charges, \$6,296; surplus, \$6,018. From January 1 to September 30: Gross earnings, \$406,317; operating expenses, \$102,659; balance, \$167,048; charges, \$56,693; surplus, \$111,203.

### Lucky Lulley.

Mark Lulley is calling upon local friends today. Mr. Lulley has hosts of warm friends in Tucson. He formerly lived here and announces his intention of once more making his home in the Old Pueblo. Mr. Lulley came to Tucson and engaged in mining in 1875. He was the original locator of the famous Goldtree mine in the Santa Ritas. During 1878 and 1879 he conducted two saloons here, the Capital and the Gem. During 1880 he was in the real estate business and conducted Fitch's opera house, near the depot, in partnership with Thomas Fitch. In 1881 he sold the Goldtree mine. He then engaged in the theatrical business. He left Tucson at that time and did not return until 1897. During 1896 he was connected with the Casino, at Nogales.

Mr. Lulley remained but a short time in this city in 1897. During that year he returned to mining and located three claims in the Tyndall district in the Santa Ritas, the Apache, a silver claim; the Warsaw, a lead claim; and the Royal Blue, a copper claim. He now has a force of men working all three of these. All of them are now very profitable mines, especially the Apache, which is a phenomenally rich silver mine and promises to make its owner a man of considerable wealth. Mr. Lulley now lives in Nogales, but he says that in about a month he will move his family to Tucson and they will make their permanent home here.—Citizen.

### RAILROAD ITEMS

Picked up by "El Capitan," While on the Wing.

A steel rail is an expansionist on a hot day.

No; it does not always require a professional wrestler to throw a switch.

It is written that the locomotives on the Sonora will hold a smoker when the coal fields are opened up.

The station buildings of the N. M. & A. are in hands of the painter; the colors are the S. P. standard.

Telegraph line repairs may be peaceable citizens, but they never go over the road unless they are looking for trouble.

We hope we have heard the last of the German American, the Irish American, the Silver Republican and the Gold Democrat.

The orange shipping season is on and railroads are among those present at the "hurry-up" entertainment being given by Trainmaster Gibson.

Conductor Salter, has been promoted to a passenger run on the south end and he takes as natural to the ticket punch as a young duck to a frog pond.

It is rumored among the boys that Conductor Salter of the Sonora road has bought him a corner lot in Nogales and is going to build him a house. What is he going to do with it?

Very few railroad men attended church last Sunday evening to hear Bro. Oglesby on the "Economic Side of the Lignor Traffic." "El Capitan" will be pleased to see you car hands make a better showing hereafter, especially when such questions as the above are being discussed.

The Nogales Reading Rooms, for railroad men is the best appointed place in the town, and you employees can't sing that old flange-worn song, "No place to go" to El Capitan. I am surprised that the neat little resort is not better patronized. We owe Mr. George Crocker our ever lasting thanks for some of the best books to be found in any library.

### Finally Got Here.

J. R. Josselyn, a brother of C. L. Josselyn, the mining man, arrived Wednesday morning from Florida. Twenty-five years ago the Josselyn brothers started for Gila river country in Arizona, but were side-tracked in Florida where they invested heavily in orange land. For many years they prospered in the orange industry, but never for a moment gave up the idea of coming to Arizona and seeking their fortunes in the gold mines. The trip, however, was postponed until the hard freeze in Florida three years ago when the orange industry received a severe setback. Then the Josselyn brothers concluded it was time to continue their journey toward the gold fields of the west and proceeded to close out their interests in the peninsula, arriving here a trifle late, but nevertheless very hopeful of finding a mine that some day will make them millionaires. They are made out of the right kind of stuff. Success to them.—Yuma Sun.

### Of Interest to Miners.

The miners' drilling contest will take place on Tuesday morning, December 5, and the prospects are that a large number of contestants will enter the arena, says the Phoenix Gazette.

Miners from all parts of the territory have signified their intention to this effect and the announcement of the prizes, although a little delayed, will be read with much interest. The prize for the first double drilling event will be \$250; second prize, \$50; prize for the first single drilling event will be \$100; second prize, \$25. The following rules will govern the contest:

First—Contest will be open to all entries, the latter to be divided into double-hand and single-hand classes. Entries in either class must be accompanied by an entrance fee of \$10 for double-hand and \$5 for single-hand teams.

Second—The entrance money in each class will be added to the cash prizes in that class, in the proportion of 65 per cent to the first prize, and 35 per cent to the second.

Third—Entries will meet at headquarters, to draw for positions, number 1 in each class to drill first in that class, and so on to the close of the drilling.

Fourth—Steel will be measured and hammers weighed at the rock. Steel for both classes must measure seven-eighths of an inch from head to bit and no wedge steel is allowed. Eight-pound hammers will be allowed in the double team drills and four-pound hammers in the single-hand drill.

Fifth—For both classes granite will be used, the work to be a "down hole," the deepest hole to take first money and the second deepest the second money.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. In acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio. Sold by Druggists, 75 cents. Hall's Family Pills are the best.

## Danger Signals!

Do you take cold with every change in the weather? Does your throat feel raw? And do sharp pains dart through your chest?

Don't you know these are danger signals which point to pneumonia, bronchitis, or consumption itself?

If you are ailing and have lost flesh lately, they are certainly danger signals. The question for you to decide is, "Have I the vitality to throw off these diseases?"

Don't wait to try SCOTT'S EMULSION "as a last resort." There is no remedy equal to it for fortifying the system. Prevention is easy.

## Scott's Emulsion

prevents consumption and hosts of other diseases which attack the weak and those with poor blood.

SCOTT'S EMULSION is the one standard remedy for inflamed throats and lungs, for colds, bronchitis and consumption. It is a food medicine of remarkable power. A food, because it nourishes the body; and a medicine, because it corrects diseased conditions.

50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York

### NOTICE TO CREDITORS.

ESTATE OF LUZ OBERGON, Deceased. Notice is hereby given by the undersigned administratrix of the estate of Luz Obregon, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within four months after the first publication of this notice to the said administratrix, D. A. Encinas, at the office of F. J. Duffy, in the court house, Nogales, Arizona, the same being the place for the transaction of the business of said estate, in said County of Santa Cruz.

Dated Nogales, Arizona, this 23d day of November, 1899.  
First date of publication, Nov. 25, 1899.

WANTED—SEVERAL PERSONS FOR TRIP. Office Managers in this state to represent me in their own and surrounding counties. Willing to pay yearly \$500, payable weekly. Desirable employment with unusual opportunities. References exchanged. Enclose self-addressed stamped envelope. S. A. Park, 320 Canton Building, Chicago.

### Volcanic Eruptions.

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve, cures them; also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Dives out Pains and Aches. Only 25 cents a box. Care guaranteed. Sold by L. W. Mix, Co.
